

I have a place I call home, not just a bed or somewhere that provides me with care – what matters to you?

Isaac Samuels and Vicky Buckingham
National Coproduction Advisory Group

10 mins	What would you do to ensure that they have the worst possible lives....	<p>Ask people to write down their own thoughts on post-it notes (without talking)</p> <p>ONE idea on each post-it (a separate post-it for each comment)</p> <p>Stick all the post-its on to the flipchart paper</p> <p>People will resist – but ask them to stick with it...</p>
5 mins	Things that they are clearly NOT doing now	<p>Ask participants to identify the things that they are NOT in any way doing now, and remove those post-its from the flipchart sheet.</p> <p>For example:</p> <p>Build Houses on the moon Make sure that housing was as inaccessible as possible Focus ONLY on bricks and mortar.</p>
5 mins	Sense Check/reflect	Reflect back on how people are feeling... (if time)
15 mins	What needs to Change	<p>Give participant a set of housing related MiR Statements (I/We) ones.</p> <p>Explain that these statements express what people want to experience</p> <p>Ask them to select one or two things that MOST need to change from the previous activity.</p> <p>Using a new flipchart sheet – capture how Making it Real could be used to support the change...</p>
5 mins	PLEDGE CARDS	<p>Making it Real pledge cards</p> <p>Get people to write on them and take photo of themselves holding the card or just the card and tweet it with whatever the relevant hashtags are...</p>

It's my home!

For those individuals that you are supporting with their housing and related support needs:

1) What would you do to ensure that they have the worst possible lives?

Without talking to each other – write your thoughts on post it-notes
ONE idea on each post-it – as many post-its as you want

Remember WORST POSSIBLE lives...!

For those individuals that you are supporting with their housing and related support needs:

2) Identify the things that they are NOT in any way doing now, and remove those post-its from the flipchart sheet.

For example:

Build Houses on the moon

Make sure that housing was as inaccessible as possible

Focus ONLY on bricks and mortar.

For those individuals that you are supporting with their housing and related support needs:

Select one or two things that MOST need to change from the previous activity.

3) How could Making it Real be used to support the change(s)?

Use the second flip-chart and write down your ideas about how Making it Real could be used to make a difference.
